Bilal Haider Mando

bilal7haider7@gmail.com (+963) 968 045 490 Cairo – Egypt LinkedIn Github

PROFILE SUMMARY

Front-End Web Developer with a BSc in Artificial Intelligence, enhanced by intensive training in Web and UI Development from ITI. Skilled in building modern, responsive web applications using React.js and Next.js, with a strong eye for UI/UX design. Passionate about delivering clean, performant interfaces and eager to contribute to impactful front-end projectsd.

EDUCATION

BSc in Artificial Intelligence — *Egyptian Russian University* Sep 2021 – June 2025

Graduation Project: AI-Powered Churn Prediction Platform for Telecom Companies

PROJECT EXPERIENCE

Portfolio Website :

• Designed and developed a modern personal portfolio featuring dedicated pages for Home, Services, Work, Resume, and Contact, with responsive layout and a clean dark-themed UI. Showcases services including Web Development, UI/UX Design, Logo Design, and AI & ML solutions..

• **Technologies:** Next.js, TypeScript, Tailwind CSS, Framer Motion, Responsive Design, UI/UX Design

• **Live Demo:** https://my-portfolio-fawn-kappa-16.vercel.app/

VANTA — Modern E-Commerce Platform :

• Designed and developed a responsive streetwear e-commerce platform featuring dynamic product filtering, product detail pages, wishlist, shopping cart, persistent client-side state, and responsive UI.

• **Technologies:** Next.js 16 · React · TypeScript · Tailwind CSS

• **Live Demo:** https://vanta-ecommerce.vercel.app/

Kinova Club — Gym Membership Landing Page :

• Designed and developed a premium gym membership landing page for KINOVA CLUB, featuring a bold dark aesthetic, bilingual support (Arabic/English), and a seamless subscription experience tailored for a modern fitness brand.

• **Technologies:** Next.js, TypeScript, Tailwind CSS, Responsive Design, Bilingual UI •

Live Demo: https://kinova-club.vercel.app/

PrettyPets Website:

- PrettyPets is a platform designed to simplify the pet adoption process by connecting local shelters and rescue centers with potential adopters. The project focuses on increasing adoption rates and creating a positive community impact by giving homeless pets a chance to find loving families.

- **Live :** https://heyzine.com/flip-book/95e36e3569.html

Churn Prediction - *College Project*

- AI-Powered Churn Prediction Platform for Telecom Companies Built a full-stack web app (Django + React) to predict telecom customer churn using ML.

Breast Cancer Diagnosis Tool - *College Project*

- Developed a web app to assist in breast cancer diagnosis using ML models.

Blood Cancer Detection - *College Project*

- Compared CNN, VGG16, and ResNet50 models on blood cell image dataset

Speech Recognition System – *College Project*

- Developed a Convolutional Neural Network (CNN) for speech recognition using the LibriSpeech dataset. Implemented audio feature extraction with MFCCs, data preprocessing, and model training with TensorFlow/Keras. Demonstrated proficiency in machine learning, signal processing, and deep learning techniques through successful classification of spoken words.

COURSES & CERTIFICATES

● **Front end development - UI/UX by Information Technology Institute (ITI)** 1July. 2025 / 22 July

Total Duration: 120 Hours :

Topics Covered:

- Client Side Technologies
- HTML5
- CSS3
- Bootstrap
- JavaScript
- Adobe XD
- Adobe photoshop ● Figma

View certificate : LinkedIn profile.

● **AI Fundamentals by IBM** 15 March , 2024

Topics Covered:

- Artificial Intelligence Overview
- Mathematics for AI
- Machine Learning
- Deep Learning
- Natural language processing
- Computer Vision
- Python Programming View certificate : Credly.com

- **AI and Machine Learning Methods and Tools by IBM** 20 March, 2024

Topics Covered:

- Python programming
- Artificial Intelligence
- Machine Learning
- Machine Learning Algorithms
- Reinforcement Learning.
- Supervised learning & Unsupervised learning

View certificate : Credly.com

- **Amazon Web Services (AWS)** 15 March 2024

- View certificate : Credly.com

SKILLS

- **Frontend Development :**
HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Bootstrap, Tailwind CSS, WordPress, Responsive Web Design,

- **Programming Languages & Development**
Python,JavaScript (ES6+) , C, C++, Java, MATLAB, Algorithms & Data Structures , SQL

- **AI & Machine Learning**
Machine Learning, Deep Learning, Computer Vision, Image Processing, Natural Language Processing (NLP), Pattern Recognition, TensorFlow/Keras, OpenCV, Scikit-learn, Pandas, NumPy

Soft Skills

Presentation, Communication, Teamwork, Professional Demeanor, Problem Solving, Time Management

- **UI/UX Design**
Figma, Adobe XD, Adobe Photoshop, Wireframing, Prototyping, User Interface Design

LANGUAGES

- **Arabic - Native**
- **English - Conversational**
- **German - Elementary**
